CITY OF FAIRFAX

Department of Community Development & Planning

July 2013

Dear Applicant,

During the final stages of the City of Fairfax Development Review Process a surety value estimate will be reviewed by City staff to insure that proposed improvements in the public right-of-way, landscaping and siltation control measures are bonded at 100% and on-site improvements are bonded at 25%. The estimates are based on the most current Fairfax County Unit Price List which can be found at the following web address for download: <http://www.fairfaxcounty.gov/dpwes/publications/2013ups.pdf>.

Once the surety value estimate has been approved by City staff, a Site Bond, Site Agreement, Siltation Agreement and possibly a Best Management Practices (BMP) Agreement and/or Storm-Water Management with BMP Agreement will require completion and submission with the bond instrument to the City's Development Bond Administrator with the appropriate surety review fees (below). Once the agreement(s) have been executed by the City, copies of the signed agreements will be sent electronically and/or by first class US mail for your records.
